

Diagnosis and Treatment Manual for Physicians & Therapists 5th Edition

	Page Number
PREFACE	1-2
INTRODUCTION – TREATMENT GUIDELINES	3a-3e
TABLE OF CONTENTS [Treatment Guidelines] (Volumes 1 & 2)	
Chapter 1: AMPUTATION	
Digital.....	4-5
Transmetacarpal.....	6-7
Below Elbow/Above Elbow.....	8-9
Chapter 2: ARTHRITIS & AUTOIMMUNE DISORDERS	
CMC Joint – Thumb – Non-Surgical Management.....	10-11
Rheumatoid Arthritis – Non-Surgical Management.....	12-14
Osteoarthritis/Degenerative Joint Disease – Non-Surgical Management.....	15
Gout – Non-Surgical Management.....	16-17
Systemic Lupus – Non-Surgical Management.....	18
Scleroderma – Non-Surgical Management.....	19
Chapter 3: ARTHRODESIS [FUSION]	
Digital Level – MPJ/PIPJ/DIPJ.....	20
Wrist Fusion.....	21
Partial Wrist Fusion.....	22-23
Chapter 4: ARTHROPLASTIES	
Digital Level	
MP Joint Implant Arthroplasty [Rheumatoid Arthritis].....	24-26
MP Joint Implant Arthroplasty [Traumatic Arthritis, Osteoarthritis].....	27-28
PIP Joint Implant Arthroplasty [Osteoarthritis].....	29-30
PIP Joint Implant Arthroplasty [Traumatic Injury].....	31-32
PIP Joint – Hemi-Hamate Arthroplasty.....	33-34
Thumb	
CMC Joint Soft Tissue Reconstruction.....	35-38
Wrist	
Total Wrist Arthroplasty.....	39-40
Distal Radio-ulnar Joint [APTIS - Scheker].....	41-42
Elbow	
Radial Head Replacement Arthroplasty.....	43-45
Total Elbow – Modified Coonrad-Moorey Zimmer® Biomet.....	46-47
Total Elbow – Discovery® Biomet.....	48-49
Total Elbow – Zimmer® Nexel™.....	50-51
Total Elbow - iBPT™.....	52-53
Shoulder	
Total Shoulder Replacement Arthroplasty.....	54-57
Reverse Total Shoulder Arthroplasty.....	58-61
Shoulder Replacement Hemi-Arthroplasty.....	62-64
Chapter 5: BICEPS RUPTURE	
Distal Biceps Rupture (Partial & Complete) – Non-Surgical Management.....	65
Distal Biceps Repair (Endobutton).....	66-67
Distal Biceps Repair (Graft).....	68-69
Proximal Biceps Rupture – Non-Surgical Management.....	70
Proximal Biceps Tenodesis.....	71-73

Chapter 6: BURSITIS

Olecranon Bursitis – Non-Surgical Management.....	74
Olecranon Bursitis – Surgical Management.....	75
Shoulder Bursitis – Non-Surgical Management.....	76

Chapter 7: BURNS

First Degree – Superficial.....	77
Second Degree – Partial Thickness.....	78
Third Degree – Full Thickness.....	79

Chapter 8: CAPSULECTOMY/CAPSULOTOMY

Digital Level

Dorsal – MP Joint.....	80-82
Dorsal – PIP Joint.....	83-84
Volar – MP Joint.....	85
Volar – PIP Joint.....	86-87

Wrist

Distal Radioulnar Joint [DRUJ].....	88-89
-------------------------------------	-------

Elbow

Posterior Release.....	90-91
Anterior Release.....	92-93
Global Release.....	94-96

Chapter 9: CARPAL BOSS

Non-Surgical and Surgical Management.....	97-98
---	-------

Chapter 10: COMPLEX REGIONAL PAIN SYNDROME [CRPS]

Non-Surgical Management for Pain.....	99-102
---------------------------------------	--------

Chapter 11: COMPARTMENT SYNDROME

Compartment Syndrome – Surgical Management.....	103-105
---	---------

Chapter 12: CONGENITAL ANOMOLIES

Camptodactyly – Non-Surgical Management.....	106
Camptodactyly – Surgical Management.....	107-109
Syndactyly Release.....	110-111

Chapter 13: CRUSH INJURY

Soft Tissue Crush Injury – Hand.....	112-113
Fingertip Crush Injury.....	114-115

Chapter 14: CYSTS

Mucous Cyst – Non-Surgical & Surgical Management.....	116-117
Inclusion Cyst – Surgical Management.....	118
Wrist Ganglions [Refer to Chapter 24: Ganglions – Wrist]	

Chapter 15: DISLOCATIONS

Digital Level

PIP Joint Dorsal Dislocation – Non-Surgical Management.....	119
PIP Joint Dorsal Dislocation with Fracture – Non-Surgical Management.....	120-121
PIP Joint Volar Dislocation – Non-Surgical Management.....	122-123
PIP Joint Volar Dislocation with Fracture – Non-Surgical Management.....	124-125
PIP Joint Volar Plate Repair (Eaton Arthroplasty).....	126-127
PIP Joint Dorsal Dislocation (Smith-Compass Hinge).....	128

Elbow

Posterior Dislocation – Non-Surgical Management.....	129-130
Anterior Dislocation – Non-Surgical Management.....	131-132

Shoulder

Anterior Dislocation – Non-Surgical Management.....	133-135
Posterior Dislocation – Non-Surgical Management.....	136-137

Chapter 16: DUPUYTREN'S DISEASE

Subtotal Palmar Fasciectomy (STPF) – Open Technique.....	138-139
Subtotal Palmar Fasciectomy (STPF) – Closed Technique.....	140-141
Subcutaneous/Percutaneous Fasciotomy.....	142-143
Xiaflex Injection.....	144-145

Chapter 17: EXTENSOR TENDON INJURIES**Zone I**

Mallet Finger – Non-Surgical Management.....	146-147
Mallet Finger – Surgical Management.....	148-149

Zone III

Central Slip Repair [Delayed Motion].....	150-151
Central Slip Repair [Early Motion].....	152-153
Boutonniere Deformity – Non-Surgical Management.....	154-156
Pseudo-Boutonniere.....	157

Zone IV

Extensor Tendon Repair [Delayed Motion].....	158-159
Extensor Tendon Repair [Early Motion].....	160-161
Lateral Band Repair.....	162

Zone V or Zones V & VI

Extensor Tendon Repairs [Delayed Motion].....	163-165
Extensor Tendon Repairs [Early Motion].....	166-168
Extensor Tendon Repairs [Early Motion – Relative Motion Program].....	169-171
Extensor Tendon Repairs [Early Motion – Relative Motion Program Timelines Guidelines].....	172
Sagittal Band Repair.....	173

Zones VII &/or VIII

Extensor Tendon Repairs [Delayed Motion].....	174-175
Extensor Tendon Repairs [Early Motion].....	176-178

Thumb Extensors

Extensor Pollicis Longus (EPL) Repair.....	179-180
Extensor Pollicis Brevis (EPB) &/or Abductor Pollicis Longus (APL) Repair.....	181

Wrist Extensors

Extensor Carpi Ulnaris (ECU).....	182-183
Extensor Carpi Radialis Longus and Brevis (ECRL, ECRB).....	184

Chapter 18: EXTENSOR TENDON RECONSTRUCTION

Extensor Tendon Repositioning – Non-Surgical Management.....	185
Extensor Tendon Repositioning – Surgical Management.....	186-187
Extensor Tendon Repositioning – Surgical Management (Rheumatoid Arthritis).....	188-189
Elliott Boutonniere Reconstruction.....	190-191
Littler Lateral Band Tenodesis.....	192-193
Matev Procedure.....	194-195
Dolphin Release.....	196-197
Spiral Oblique Retinacular Ligament Reconstruction (SORL).....	198-199
Fowler Procedure.....	200-201

Chapter 19: FIBROMYALGIA

Fibromyalgia – Non-Surgical Management.....	202-205
---	---------

Chapter 20: FOCAL DYSTONIA

Writer's Cramp.....	206
Musicians.....	207
Sports.....	208-209

Chapter 21: FLEXOR TENDON REPAIRS

Digital Level

Early Passive Motion – Indiana Modified Duran Program [zones I – IV].....	210-213
Early Active Motion – Indiana Program [zones I – IV].....	214-217
Delayed Motion – Indiana Program [zones I – V].....	218-219
Early Passive Motion – Louisville Program	[Refer to Patient Handouts]
Early Active Motion – Louisville Program	[Refer to Patient Handouts]
Early Passive & Active Motion – Mayo Clinic Program	[Refer to Patient Handouts]
True Active Movement Protocol – Saint John Regional Hospital (Treatment Guidelines)*.....	220-223
*Refer to Patient Handouts for the patient home program	
FDP Tenodesis.....	224-225

Thumb

Flexor Pollicis Longus (FPL) Repair – Early Passive Motion – Indiana Program.....	226-227
Flexor Pollicis Longus (FPL) Repair – Early Active Motion – Indiana Program.....	228-230
Flexor Pollicis Longus (FPL) Repair – Delayed Motion.....	231-232
Thenar Muscle Repair [ABP, FPB, Opponens].....	233

Wrist & Forearm Level

Digits

Zone V – Flexor Tendon Repairs – Indiana Early Passive Motion Program.....	234-236
Zone V – Flexor Tendon Repairs – Indiana Early Active Motion Program.....	237-239
Proximal Forearm Muscle Repairs – Early Active Motion Program.....	240
Flexor Carpi Radialis (FCR) Repair.....	241-242
Flexor Carpi Ulnaris (FCU) Repair.....	243

Chapter 22: FLEXOR TENDON PROCEDURES

Flexor Tendon Stage I Reconstruction (Rod).....	244
Flexor Tendon Stage II Reconstruction (Graft) Early Passive Motion Program.....	245-246
Flexor Tendon Stage II Reconstruction (Graft) Early Active Motion Program.....	247-248
Flexor-Pronator Slide.....	249-250
Fractional Lengthening (Flexors).....	251-252
Step-Cut Lengthening (Flexors).....	253-255

Chapter 23: FRACTURES

Hand Fractures

Metacarpal

Closed Reduction.....	256-257
Percutaneous Pins or K-Wires.....	258-259
Open Reduction Internal Fixation (ORIF) – Screws, Plates, Tension Band Wires.....	260-261

Proximal Phalanx (P1)

Closed Reduction.....	262-263
Percutaneous Pins or K-Wires.....	264-265
Open Reduction Internal Fixation (ORIF) – Screws, Plates, Tension Band Wires.....	266-267

Middle Phalanx (P2)

Closed Reduction.....	268-269
Percutaneous Pins or K-Wires.....	270-271
Open Reduction Internal Fixation (ORIF) – Screws, Plates, Tension Band Wires.....	272

Distal Phalanx (P3)

Shaft Fracture.....	273
Percutaneous Pins or K-Wires.....	274
Tuft Fracture.....	275
Bony Mallet.....	276-277

Chapter 23: FRACTURES [continued]

Wrist Fractures

Bennett's Fracture – Non-Surgical & Surgical Management.....	278-280
CMC Fracture-Dislocation – Non-Surgical Management.....	281
CMC Fracture-Dislocation – Surgical Management.....	282-283
Lunate Fracture (Kienböck's Disease).....	284-285
Scaphoid Fracture – Non-Surgical Management.....	286
Scaphoid Fracture – Surgical Management.....	287
Ulnar Styloid Fracture – Non-Surgical & Surgical Management.....	288-289
Distal Radius Fracture – Closed Reduction – Non-Surgical Management.....	290-291
Distal Radius Fracture – ORIF – Plate and Screws Fixation.....	292-293
Distal Radius Fracture – Spanning Bridge Plate.....	294-295
Distal Radius Fracture – Elderly – Non-Surgical Management.....	296-297
Distal Radius Fracture – External Fixator.....	298-299

Elbow Fractures

Olecranon Fracture – Non-Surgical & Surgical Management.....	300-303
Radial Head Fractures Type I & II – Non-Surgical Management.....	304
Radial Head Fractures Type II, III, IV – Surgical Management.....	305-306
Radial Head Replacement (Refer to Chapter 4: Elbow Arthroplasties)	
Distal Humerus Fractures.....	307-308
Terrible Triad.....	309-311
Lateral Collateral Ligament Complex Repairs (LCLC Repairs)	
[Refer to Chapter 28: Ligament Injuries – Elbow]	
Medial/Ulnar Collateral Ligament Complex Repairs (MCLC Repairs)	
[Refer to Chapter 28: Ligament Injuries – Elbow]	

Humerus Fractures [Midshaft]

Midshaft Humerus Fractures – Non-Surgical & Surgical Management.....	312-314
Proximal 1/3 Humerus Fracture – Non-Surgical & Surgical Management.....	315-317

Clavicle Fractures

Clavicle Fracture – Non-Surgical & Surgical Management.....	318-319
---	---------

FUSIONS – Refer to Chapter 3 – ARTHRODESIS

Chapter 24: GANGLIONS – WRIST

Dorsal Carpal Ganglion (DCG) – Non-Surgical Management.....	320
Dorsal Carpal Ganglion (DCG) – Surgical Management.....	321
Volar Carpal Ganglion (VCG) – Non-Surgical Management.....	322
Volar Carpal Ganglion (VCG) – Surgical Management.....	323

Chapter 25: HEMATOMAS

Hematomas – [Non-Surgical & Surgical Management].....	324
Subungual Hematomas – Non-Surgical Management.....	325

Chapter 26: INFECTIONS

Paronychia – Non-Surgical & Surgical Management.....	326-327
Pyogenic Tenosynovitis – Flexor Tenosynovectomy.....	328-329

Chapter 27: INTRINSIC CONTRACTURES

Intrinsic Contractures and Releases – Non-Surgical and Surgical Management.....	330-331
---	---------

Chapter 28: LIGAMENT INJURIES

Digits

RCL/UCL Sprain-Strain MP Joint – Non-Surgical Management.....	332
RCL/UCL Repair MP Joint.....	333
RCL/UCL Sprain-Strain PIP Joint – Non-Surgical Management.....	334
RCL/UCL Repair PIP Joint.....	335-336

Chapter 28: LIGAMENT INJURIES [continued]

Digits [continued]

RCL/UCL Sprain-Strain Thumb MP Joint – Non-Surgical Management.....	337
RCL/UCL Repair Thumb MP Joint.....	338-339

Wrist

Wrist “Sprain-Strain” – Non-Surgical Management.....	340-341
Scapho-Lunate Reconstruction.....	342-343
Blatt Capsulodesis.....	344-345
Triangular Fibrocartilage Complex (TFCC) Injury – Non-Surgical Management.....	346
Triangular Fibrocartilage Complex (TFCC) Central Tear – Surgical Management.....	347-348
Triangular Fibrocartilage Complex (TFCC) Peripheral Tear – Surgical Management.....	349-350

Elbow

Lateral Collateral Ligament Complex Repair (LCLC).....	351-352
Medial Collateral Ligament Repair (MCLC) – Athletes.....	353-354
Medial Collateral Ligament Repair (MCLC).....	355-356

Chapter 29: NAIL BED INJURY

Nail Bed Injury – Nail Bed Repair.....	357-358
--	---------

Chapter 30: NERVE COMPRESSION SYNDROMES

Anterior Interosseous Nerve Syndrome – Non-Surgical Management.....	359
Carpal Tunnel Syndrome – Non-Surgical Management.....	360
Cubital Tunnel Syndrome – Non-Surgical Management.....	361-362
Radial Tunnel Syndrome – Non-Surgical Management.....	363
Thoracic Outlet Syndrome – Non-Surgical Management.....	364-370
Long Thoracic Nerve Syndrome – Non-Surgical Management.....	371
Cervical Radiculopathy – Non-Surgical Management.....	372-373
Anterior Subcutaneous Transposition of the Ulnar Nerve.....	374-375
Anterior Submuscular Transposition of the Ulnar Nerve.....	376-377
In Situ Release of the Ulnar Nerve.....	378-379
Cubital Tunnel Release.....	380-381
Carpal Tunnel Release.....	382-383
Carpal Tunnel Hypothenar Fat Pad Flap.....	384-385
Radial Tunnel Release.....	386
Medial Epicondylectomy with Ulnar Nerve Transposition.....	387-388
Thoracic Outlet Syndrome (1 st rib excision).....	389-390

Chapter 31: NERVE REPAIRS

Digital Nerve Repair and Common Digital Nerve Repair.....	391-392
Median Nerve Repair [wrist to forearm level].....	393-394
Ulnar Nerve Repair [wrist to forearm level].....	395-396
Radial Nerve Repair [wrist to above elbow level].....	397-399

Chapter 32: NERVE PALSY – ORTHOSES

Median Nerve Orthoses.....	400
Ulnar Nerve Orthoses.....	401
Combined Low Median and Ulnar Nerve Orthoses.....	402
Radial Nerve Orthoses.....	403

Chapter 33: PULLEYS

Pulley Repair – Reconstruction.....	404-405
-------------------------------------	---------

Chapter 34: RAY RESECTION

Ray Resection – Postoperative Therapy.....	406-407
--	---------

Chapter 35: REPLANTATION

Digital Replantation.....	408-409
Thumb Replantation.....	410-411
Hand – Wrist Replantation.....	412-413
Arm Replantation.....	414-415

Chapter 36: REFLEX SYMPATHETIC DYSTROPHY (RSD)

Refer to Chapter 10: Complex Regional Pain Syndrome (CRPS)

Chapter 37: SHOULDER

Acromioplasty (open procedure).....	416-418
Acromioplasty (arthroscopic).....	419-420
Anterior Instability – Non-Surgical Management.....	421-423
Arthroscopic Debridement.....	424-425
Total Shoulder Arthroplasty [Refer to Chapter 4]	
Reverse Total Shoulder Arthroplasty [Refer to Chapter 4]	
Bankart Repair & Capsular Shift.....	426-428
Distal Clavicle Resection.....	429-430
Frozen Shoulder – Non-Surgical Management.....	431-433
Hoffer Transfer.....	434-436
Impingement – Non-Surgical Management.....	437-438
Labral Debridement.....	439-440
Labral Repair.....	441-442
Levator Scapula Syndrome – Non-Surgical Management.....	443
Rotator Cuff Tendinitis – Non-Surgical Management.....	444-445
Rotator Cuff Tear – Non-Surgical Management.....	446-448
Rotator Cuff Repair – Small Tear – Arthroscopic Repair.....	449-451
Rotator Cuff Repair – Small Tear – Open Repair.....	452-454
Rotator Cuff Repair – Medium Tear – Arthroscopic Repair.....	455-457
Rotator Cuff Repair – Medium Tear – Open Repair.....	458-460
Rotator Cuff Repair – Large Tear – Arthroscopic Repair.....	461-463
Rotator Cuff Repair – Large Tear – Open Repair.....	464-466
Proximal Biceps Tenodesis.....	467-468
Proximal Biceps Tenotomy.....	469-470
Subacromial Impingement – Non-Surgical Management.....	471-472
Superior Labrum Anterior Posterior (SLAP) Repair.....	473-474

Chapter 38: SPASTICITY

Spasticity – Non-Surgical Management.....	475-477
Superficialis to Profundus (STP) Transfer.....	478-479
Other procedures for spasticity found in Chapter 22: Flexor Tendon Procedures [Flexor pronator slide, fractional lengthening, step-cut lengthening]	

Chapter 39: TENDINITIS

Flexor Carpi Radialis (FCR) Tendinitis – Non-Surgical Management.....	480
Flexor Carpi Radialis (FCR) Release.....	481-482
Flexor Carpi Ulnaris (FCU) Tendinitis – Non-Surgical Management.....	483
Lateral Epicondylitis [“Tennis Elbow”] – Non-Surgical Management.....	484-487
Lateral Epicondylitis – Percutaneous Release - Arthroscopic Release.....	488-489
Lateral Epicondylitis – Lateral Epicondylectomy.....	490-491
Lateral Epicondylitis – Anconeus Transfer.....	492
Medial Epicondylitis [“Golfer’s Elbow”] – Non-Surgical Management.....	493-495
Medial Epicondylectomy.....	496-497
Biceps Tendinitis Distal Insertion – Non-Surgical Management.....	498-499
Triceps Tendinitis Distal Insertion – Non-Surgical Management.....	500-501

Chapter 40: TENOSYNOVITIS

Digits

Trigger Finger – Flexor Tenosynovitis – Non-Surgical Management.....	502-503
Trigger Finger – Surgical Management.....	504-505
Trigger Thumb – Flexor Tenosynovitis – Non-Surgical Management.....	506-507
Trigger Thumb – Surgical Management.....	508-509
DeQuervain's Tenosynovitis – Non-Surgical Management.....	510
First Dorsal Compartment Release – DeQuervain's.....	511

Wrist

Flexor Tenosynovitis – Non-Surgical Management.....	512
Flexor Tenosynovectomy.....	513-514
Extensor Tenosynovitis – Non-Surgical Management.....	515
Extensor Tenosynovectomy.....	516-517
Intersection Syndrome – Non-Surgical Management.....	518-519
Intersection Syndrome – Surgical Management.....	520-521

Chapter 41: TENDON TRANSFERS

Thumb Abduction

PL to APB for thumb abduction [Camitz Transfer].....	522-523
--	---------

Thumb Adduction

FDS of ring to adductor insertion for thumb adduction.....	524
--	-----

Correction for Claw Deformity [Median – Ulnar Nerve Intrinsic Palsy]

Brand Transfer.....	525-527
Stiles-Bunnell Transfer.....	528-529
Zancolli Lasso Procedure.....	530-531
MP Joint Capsulodesis.....	532

Elbow Flexion

Pectoralis Major, Latissimus Dorsi to Biceps insertion.....	533-535
---	---------

Digital Extension

FDS of Ring to EDC.....	536-537
FCU to EDC.....	538-540
PT to EDC.....	541-542

Wrist Extension

PT to ECRB.....	543-544
-----------------	---------

Digital Flexion

ECRL to FDP.....	545-546
------------------	---------

Thumb Flexion

BR to FPL.....	547-548
FDS of Ring to FPL.....	549-550

Thumb Extension

PL to EPL.....	551-552
----------------	---------

Thumb Opposition (Opponensplasty)

EIP to APB.....	553-554
FDS of Ring to APB insertion.....	555-556
ADQM to APB insertion [Huber Opponensplasty].....	557

Thumb Adduction (Adductorplasty – key pinch)

FDS of Ring to thumb adductor insertion.....	558-559
--	---------

Shoulder

Hoffer Transfer for External Rotation.....	560-562
--	---------

Chapter 42: TENOLYSIS

Extensor Tenolysis [Zones I-V].....	563-564
Extensor Tenolysis with Dorsal MP Joint and/or PIP Joint Capsulectomies.....	565-567
Extensor Tenolysis [Zones VI-VIII].....	568-570
Flexor Tenolysis ["Good" Quality Tendons].....	571-573
Flexor Tenolysis ["Poor" Quality Tendons].....	574-575

Chapter 42: TENOLYSIS [continued]

Flexor Tenolysis [Pseudotendon].....	576-577
--------------------------------------	---------

Chapter 43: THORACIC OUTLET SYNDROME

Thoracic Outlet Syndrome – Non-Surgical Management [Refer to chapter 30]

Chapter 44: TRICEPS TEAR

Surgical Repair & Non-Surgical Management.....578-580

Chapter 45: VASCULAR DISORDERS

Hemangiomas.....581

Digital Sympathectomies “Cold Hands” [Non-Surgical & Surgical Management].....582-583

Chapter 46: WRIST PROCEDURES

Darrach Procedure.....584-585

HIT Procedure.....586-587

Lowenstein (Sauve-Kapandji) Procedure.....588-589

Pisiform – Non-Surgical & Surgical Management.....390-391

Proximal Row Carpectomy.....592-593

Radial Lengthening Osteotomy.....594-595

Radial Shortening Osteotomy.....596-597

Scapholunate Dissociation.....598

Ulnar Shortening Osteotomy.....599-600

Arthroscopic Wafer Procedure for Ulnar Impaction Syndrome.....601-602

Chapter 47: MISCELLANEOUS

Toe to Thumb Procedure.....603-604

DIAGNOSIS AND TREATMENT MANUAL FOR PHYSICIANS & THERAPISTS 5th Edition

Permission Form – Patient Handouts &/or Treatment Guidelines.....605

Manual Order Form.....606

PATIENT HANDOUTS [English Version] – Volume 3

PATIENT HANDOUTS [Spanish Version] – Volume 4
